U. S. FOOD BOARD PRICES

Corrected Thursday, March 14, 1918.

Several changes were made in the prices established by the United States food board of control at the meeting Wednesday evening, and several commodities were added that were not in the price list heretofore published. This price list will be corrected daily, and published in the daily papers of the city. The list can be relied on as being correct, and housekeepers will do well to watch them and note any charges different from those published.

Food Administrator Abel is beginning to receive complaints, showing that citizens are interesting themselves in these published price lists. The following was received a few days ago:

Chattanooga, Tenn., March 5, 1917.

Mr. J. W. Abel, City. Dear Sir - Kindly investigate two retail grocery stores on street. I would suggest that you send a "spotter" as their prices are higher than market prices, for instance: Sugar, 10 cents per pound; lard, 28 to 30 cents per pound; cabbage, 6 cents per pound; meal, 60 cents per peck. These are samples and, as a consequence, would like to get the correct prices as I have a large family and feel the weight. Yours truly, CONSUMER.

HOSPITAL SHIP TWICE ATTACKED BY U-BOAT

ficial Report Made of Recent Encounter.

Each Time Unsuccessfully-Of-

London, March 14. - The hospital ship Guilford Castle was attacked unsuccessfully by a submarine in the Bristol channel on March 10, it was announced officially today. The statement follows:

"The British hospital ship Guilford Castle, Captain Thomas M. Lang, R. N. R., homeward bound, was unsuccessfully attacked by an enemy submarine at the entrance to the Bristol channel at 5:35 p.m. on March 10. She vas flying Red Cross flags and had all the hospital lights on.

"Two torpedoes were fired at the Guilford Castle, the first missing and the second hitting the vessel's bow. Although badly damaged she was able to reach port. There were many sick and wounded on board, who were transferred to a hospital."

This is the second submarine attack on British hospital ships recently. A fortnight ago the Glenart Castle was sunk in the Bristol channel, about 150 lives being lost. The sinking, an official announcement said, was a viola-tion of the German pledge as to the immunity of hospital ships in that area. The Guilford Castle is a steam-ship of 8,036 tons gross. The Bristol channel, in which the attack was made, is an arm of the Atlantic extending into the southwestern part of Great Britain between Wales and

HYPOCRITES IN CHURCH **CAUSE CHRISTIANS SHAME**

Rev. Luther Bridger Preaches Forceful Sermon on "Can Christians Sin?"

"Can Christians Commit Sins?" was the subject Rev. Luther Bridgers selected for his text of Wednesday night's sermon at Centenary church, where he is conducting a revival. The sermon was forceful and carried with it lesons to be observed not only by those out of the church but by the

membership generally.

He called attention to the appalling lack of prayer and Bible reading, which he said was the cause of apathy in spirit and the perfunctory service of Christians. He said a person who is not a Chris-

He said a person who is not a Christian has no right to be a church member. Religion has become such a cheap thing that all it means to some people is to be a member of a church or a follower of some creed, then to continue uninterrupted pursuit of a sinful life. He said that the fact that there were hypocrites in the church caused true Christians to hang their heads in shame, yet there never was a heads in shame, yet there never was a church nor never will be one in which all members will do their ful share of duty and lead the lives they should. However, said the preacher, there was no half way ground between a sinner and a Christian—a person must be one or the other. He cannot be a sin-ner and a Christian at the same time. "Religion," he said, "is a living, vital, positive force, which can be seen in every avenue of life, or it is nothing. It is expressed in a conquering, victorious, separated life. The person who says he is a sinless perfectionalist is a liar, as well as the one who clums that he cannot keep from sinning, he is just bound to do it. Some have said the latter so many times they have made themselves believe it until they practice it. This gives the world the wrong idea of Jesus Christ and brings the church into shameful disgrace."

the church into snamerul disgrace.

A feature of the revival services is the singing under the direction of E. L. Wolsingel, who has organized a chorus choir of young people and also a children's choir. The preacher himself is a sweet singer and his solos and dueto with Mr. Wolslagel at each service are greatly enjoyed by the large congregations which have been attending services both night and morning dur-ing the week. These services will continue throughout this and next week and perhaps longer if the interest
